Mr. Frank Reese:
Utah State Engr. office.
Salt Lake City, Utah.

Dear Frank:

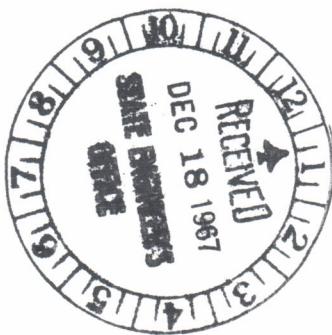

In reference to your inquiry on Acct. No. 36 in the name of Mr. Delmore Ivie. This property has been purchased by U.S. Bureau of Reclamation. Mr. Ivie did divert and use water on this account during the 1966 Irrig. Season, with U.S.B.R. purchasing it ~~sometime~~ during ~~the early summer~~ (Deed made out July 11, 1967 & Recorded in Aug. 1967).

Acct. No. 64-A is correct as you have it on your records.

There are several other changes of ownership which I will remit to your office with the 1967 Assessment roll. I am now searching for these changes at the County Recorders office.

Respc. yours
